

Project Management in Spain: **Monthly report** End of April 2017

*By Alfonso Bucero MSc, CPS, PMP, PMI-RMP, PfMP, PMI Fellow
International Correspondent
PM Journal*

The New AEDIP Board of Directors in Spain

AEDIP nominated a new Board of directors in Spain. It has been effective since last March 2017. Along March 2017, AEDIP got organized several professional activities. Their new President, Mrs. Leticia Sauco, started a new stage renewing this professional association and opening the door to establish new collaboration agreements with other professional associations in the professional project management field. An industry that ran into serious business problems to survive in business during the last five years, it seems that is restarting again and pursues a professional excellence path.

AEDIP represents the common effort from professional society represented by, as in this case, the most recognized companies that are aware of that and are investing to deliver, in Spain and further, a good quality service according to our current business situation. AEDIP has signed off a collaboration agreement with the PMI Madrid Chapter, that was materialized with the past event we reported on our past March monthly report 2017. The PMI Madrid Chapter has created a group of Construction Project management practitioners that are meeting each other periodically and that will continue doing activities for the best development of soft skills for their professionals.

The PMI Madrid Chapter has been represented at the LIM (Leadership Institute Meeting) and at the PMI EMEA Congress 2017 in Rome (Italy)

The PMI Madrid Spain Chapter represented Spain at the LIM, meeting celebrated every year at the PMI EMEA Region. This year that meeting was celebrated in Rome with four Spanish representatives. More than 300 professionals attended overpassing the “attendance record” of the LIM for the last 10 years.

At the PMI EMEA Congress there will be some Spanish professionals and a Spanish speaker, Alfonso Bucero, who will deliver a couple of presentations. From here we want to encourage other Spanish professionals to submit presentations to international Congresses, what always is a professional challenge from you can learn something every time.

At the previous picture, on your left, is one of the Keynote Speakers at the Congress, Gabon George Burt, that delivered the Opening Keynote presentation on May 1st, 2017. He is the author of the book "**Slingshot framework**". The clarity of his presentation and his rhythm gave some energy and enthusiasm to all the attendees, showing us clear and compelling examples. At the picture on the right side is showed a table discussion on "Turbulence and uncertainty" where change challenges in organizations were discussed.

TODAY IS A GOOD DAY, but TOMORROW WILL BE BETTER!

About the Author

Alfonso Bucero

International Correspondent – Spain

Alfonso Bucero, MSc, CPS, PMP, PMI-RMP, PfMP, PMI Fellow, is an International Correspondent and Contributing Editor for the **PM World Journal** in Madrid, Spain.
